Sarvajanik University

At the core of Sarvajanik University is an "Integrated, Inclusive and Innovative approach". The key objective behind the founding of Sarvajanik University is to guide, educate, mentor the youth of the nation. In keeping with the benevolent and progressive Sarvajanik tradition of inclusive education, diversity of students, inculcation of respect for diversity, civic participation and community inclusivity, shall be seeded in young minds.

An Integrated approach synonymous with trans-disciplinary understanding is crucial to encourage critical thinking, to build linkages between diverse academic inputs and practices. Students will utilize varied contradictory perspectives to understand current problems and positions contextually and seek integrated solutions to build an enlightened society.

Innovation is valued as a catalyst to growth. Through innovative approaches to pedagogy, the transaction of curriculum will be based on the principle of joyful learning thereby achieving better learning outcomes.

In a world flooded with data and information the student of Sarvajanik University will be able to synthesize information and convert it to knowledge, through a process rich in critical thinking and appropriate expression.

A student centric choice based approach along with life skills education is a distinctive feature that Sarvajanik University offers its students. Holistic personality development as well as informed professionals sensible and sensitive to issues of society and the world, will be an attribute of our students.
