**Nickey Christie**  
 Medical Director, Health Centre

**Dr. Kishor Desai**  
 2nd Vice Chairman-SES

**Dr. Hetal Sidhpuria**  
 Medical Officer, Health Centre

**VAGINAL BOIL**

Boils near the vagina are caused by bacteria that enter through the skin and infect a hair follicle. Keeping your genital area clean and practicing good hygiene in the bath can help prevent vaginal boils. If you share your public area with a razor, change your razor often.

## Bone Density Program
