- The letter no. RK/462/2022-23, Dt. 20/01/2023 received from Shree Ramkrishna Institute of Computer Education and Applied Sciences requesting to allow a student to appear for remedial exam who had not paid his examination fees nor appeared for Term End Examination (TEE) was read and it was concluded that concept of Remedial exam is only for student who have appeared for regular examinations and have failed in few subjects in the regular university exam. (Remedial exam is allowed only for maximum of 3 courses in odd semesters and all subjects in even semesters). It was also discussed and agreed that this concept is not for students who have remained absent in the exams or who have not appeared in the regular examinations or who may not have paid examination fees on time.

It was also discussed and agreed that the university should not dilute any such examination policy which can be misused by students and which can set wrong example for the future. Hence it was decided that the students mentioned in the letter who has not fill the examination form nor has paid the fees for whatever reason may not be allowed to appear for remedial exam as requested.

Further it was decided that Prof. Niteen Patel, Controller Examination-SU, Prof. Hiren Patel, Dean Faculty of Engineering and Technology-SU, Prof. Jimmy Kapadia, Dean Faculty of Management and Prof. Jayesh Desai, Pro-Dean Faculty of Management-SU shall frame a stringent examination policy which includes policy for remedial exam, re exams and back log exams etc. with all fairness and objectivity of conducting examinations.

- Mr. Ashish Vakil, Representative of SES suggested that to start any program or course a check list must be prepared and the outcomes / consequences / objectives can be sorted before any such programs / courses are approved.

It was suggested that Prof. Jayesh Desai, Principal, BRCM College of Business Administration may be entrusted to prepare the checklist points in view of this matter which can be discussed in the next meeting.

- It was instructed that academic authorities like Academic Curriculum Committee, Board of Studies, Faculty should not decide on topics related to finance like fees and remunerations or pay.

Any decision by academic authorities that is of academic nature but has financial implications should clearly come with probable financial implications clearly mentioned and a copy of same to be sent to the management also.

However Dr. Divyesh Mehta has requested to consider him as Supervising teacher under the Faculty of Commerce as the subject Economics is also one of Subject in programs under faculty of commerce in SU. This matter was discussed and deliberated at length and It was concluded that the Ph.D. guide is normally for a specific subject and this subject may be offered in several faculties. Therefore the Ph.D. supervisor may be allotted the respective subject rather than a faculty, BUT in order to continue the practise at SU as per our reputation, It was concluded that such matters may be dealt case by case and Dr. Divyesh Mehta may be approved as Ph.D. supervising teacher for Economics subject under the faculty of Commerce. Res. No. AC10_2 The evaluation guidelines received from KCG, Government of Gujarat was discussed and deliberated. It was resolved that as we have completed the 80% of our academic schedule of current semester we will only partially adopt the evaluation guidelines for Academic Year 2023-2024 and we will restructure our evaluation guidelines with all recommendations received from the Government of Gujarat from the next Academic year 2024-2025.

(Encl. No. 2)

The following evaluation guidelines are to be adopted for the current Academic Year 2023-2024.

- I. The evaluation scheme consist of two main component/ Heads
 - i. Continuous and comprehensive Evaluation (CCE)
 - ii. Semester End Examination (SEE)
- II. CCE carries 50% of total marks allotted to subject and other 50% marks being assigned to SEE. The pattern to be followed at Sarvajaniik University is as follow.

Sr. No.	Evaluation	4 Credit Subject	2 Credit Subject
1	CCE	50	25
2	SEE	50	25
	Total	100	50

The above guidelines shall be adopted for all the programs @ Sarvajaniik University except those under the statutory bodies like AICTE and COA for B.Tech, M.Tech, B.Arch, M.Arch, MURP, MBA etc.

- iii. It was also observed that though the internal evaluation / external evaluation is of 50% - 50% 'but' as most of the question papers for the W2023 exams are already submitted to the university by the respective Paper Setters and these paper setting and the internal evaluation pattern may be following different marks distribution pattern. Therefore it was decided that we shall conduct exams as per the paper which are already set for the W 2023 examinations but the final marks shall be entered as per 50% CCA component and 50% for SEE component. This pro rata marks shall be accordingly transferred to 50% CCE by the institution themselves.
- iv. The guidelines recommends for atleast 50% of external paper setter and 50% external evaluation but as the examination are scheduled in the month of October / November it was decided to continue with the current practice of passing standards and evaluation and adopt the changes from the next academic year 2024-2025.
- v. It was decided that we will continue the practice of remedial exam as already practiced at Sarvajaniik University. It was decided that the Provisional Grade Sheet and the Final Grade Sheet shall

Page 2 of 8

be declared / issued for all students who are not appearing in the remedial examinations and only those provisional / Final Grade sheet shall be kept pending who are appearing for reexam and it shall be given away as soon as the remedial exam is over.

- vi. It was decided that the remedial examination conducted by the university as per our own philosophy will continue with some modification like student can apply for the all courses in which he/ She fails. "One grade less policy" will be applicable for the remedial examination. The re-examination policy will be the same as per our existing regulations.
- vii. The eligibility criteria to appear in SEE must comply the following criteria:
 - i. Should have at least 75% of attendance in all the course put together(10% liberty for the reasons considered genuine by the university in consultation with Dean/Principal)
 - ii. Should have at least 70 % attendance in each course
 - iii. Should not have any disciplinary proceedings pending against students
 - iv. Should have no pending due i.e. his / her exam forms must be duly filled in and only then the term must be granted by the Dean/Principal/Head.
- viii. The institution and the college shall have the freedom to choose the appropriate mode of Examination / Evaluation according to the nature and objectives of the program as recommended in the evaluation guidelines.

1. The ACC, BOS and Faculty of Commerce prepared the entire curriculum of B.Com (All 6 Semesters) and got it approved in the joint Academic Authority meeting (ACC, BOS, Faculty of Commerce and Academic Council) on 10th February, 2021. Accordingly, it was approved in the subsequent BOM and GB meetings.
2. Thereafter as the semester for B.Com progressed, The ACC, BOS and Faculty of Commerce revised the curriculum, subject name, etc. in the meeting dated 3rd February, 2023 for Semester 5 and 6. This was also subsequently approved in the BOM and GB. This curriculum was supposed to come in effect from Semester 5 with effect from Summer-2023.
3. Subsequently, the Dean and the staff of SCCCA were supposed to configure this curriculum in ERP and accordingly teach and conduct examination as per their latest approved curriculum.
4. At this juncture, a serious error was executed by the concerned persons of SCCCA in configuring the latest curriculum on the ERP and conducting exams accordingly.
5. Instead of configuring the latest curriculum on the ERP. The concerned staff of SCCCA by mistake configured and uploaded the wrong (older) curriculum i.e. the one that was approved in the meeting dated 10th December, 2021 instead of configuring the latest approved curriculum that was approved on 6th February, 2023.
6. Further it was also observed that the paper was also set for the examination (5th Semester Exam i.e. Winter-2023 Examination) and also the examination was conducted partially as per the older curriculum approved on 10th December, 2021 and one subject i.e. 'Management Accounting-1' was set and conducted as per the new curriculum that was approved on 6th February, 2023. It was also noted that this examination were already conducted and completed in December 2023.
7. The Dean and the concerned staff have admitted with regret about this error conducted on their part and requested to

- 8. As part of the solution, the Dean Dr. Hemina Desai conducted the ACC, BOS and Faculty of Commerce meeting on 17th February, 2024 and have revised the entire curriculum as per the examination already conducted in December 2023 and have submitted this curriculum on the University on 22nd February, 2024.
9. The above said details along with the new revised curriculum was presented to the Academic Council on 26th February, 2024 and it was noted by all the members present that this is a serious error on the part of the faculty and the team of Commerce and this may cause major unwanted scenario amongst the students and therefore they were instructed to be very careful for all such future academic matters.
10. As part of the solution, the members of the Academic Council resolved that the only solution now is to approve the new curriculum and retrospectively implement it with effect from June - 2023 and accordingly give its effect for the examination already conducted in December 2023. Further the Dean was instructed to kindly proceed with necessary assessment as per the above solution/resolution and submit the results to the University at the earliest.

Agenda No. AC12_3 To take note and adopt the Resolution of The 7th Board of Management Meeting of Sarvajani University held on 7th February 2024.

Resolution No. AC12_3 The Point 4 of Resolution No. BOM7_14 of The 7th Board of Management Meeting of Sarvajani University held on 7th February 2024 was read, noted and resolved to adopt.

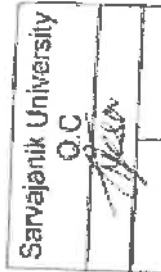

Resolution No. BOM7_14: Point 4. The matter regarding remedial / re-examination at Sarvajani University was discussed in view of creating efficient examination system and timely declaration of results and also based on several requests / suggestions from students for the same.
The current exam system has a provision of remedial exam after four weeks of announcement of provisional results and due to this the final results are declared only after all the remedial exams are conducted but this process delays the final results and causing great trouble to students who do not clear all their examinations. Further there are many students who remains absent for examination for several reasons like health etc. and they aren't

given the opportunity to appear for remedial exams therefore it was discussed and decided that we shall adopt the recommendations of KCG (govt. of Gujarat) which are in based on NEP 2020.

Therefore, it was decided that the final results of all examinations shall be declared within 21 days of last exams and all students whether fail or absent shall be given an opportunity within a month to appear for exams as a backlog exam and this results too can be declared at the earliest mentioning the no. of attempts of the exam. This process will help University to declare results on time and will provide equal opportunity to all students who either fail or are absent for any examination. The same rule shall also apply to students who remain absent for any examination and/ or are given permission to remain absent from appearing the examination due to participation in activities (sports, cultural etc.) on behalf of the University. These students shall be given an official certificate from the University stating the reasons for their absence and the granting of permission for the same so that they may officially justify their absence in an examination which was granted by the University.

Further it was also resolved by the members of Academic Council that:

- a. This Backlog exams are allowed to only those students who were found eligible, whose term was granted and who were eligible for appearing in the examination and who have filled up their examination form with prescribed fees for the examination. All the students, whose term is not granted earlier or who decided to take a drop or who have not filled up their examination form with prescribed fees shall not be eligible for this backlog examination.
- b. This norm shall be applicable to all the current as well as new students with effect from the term May-June 2024, onwards and all the Deans were instructed to convey this information to all concerned teachers, OSD's, Exam Department and students much in advance so as to make exam system more efficient.

The Point 5 of Resolution No. BOM7_14 of the 7th Board of Management Meeting of Sarvajani University held on 7th February 2024 was read, noted and resolved to adopt.

1. Further in the matter of increasing the intake, it was understood that all institutes admitting students up to the official intake, eventually suffers loss of students (admission) because many students at a later stage leave their admissions and seek admission elsewhere like engineering etc. and these seats remain vacant. Looking at this important fact, it was resolved that the institute may admit 10% additional students over and above their intake so that even if few students leave, the institute does not suffer a loss. Further, it was resolved that if after 10% admission no students leave the institute, then the institute must create provision for additional students in terms of Human resource and infrastructure like teaching staff, computers, labs, etc.

2. It was also resolved that for entire M.Sc. program the intake shall be sanctioned 45 seats and the institute has the right to admit student in the specific specialisation (for e.g. In M.Sc. Biotechnology, M.Sc. BT & M.Sc. MBT) as per students' choice, keeping the maximum cap of 45 seats in total for admission.

10. It has been noted during the deliberations that certain points from the resolutions mentioned above are deemed to be general resolutions applicable to all constituent colleges of Sarvajani University. The resolutions are as follow.

- i. In continuation of the Res. No. AC13_2, it was also decided that each faculty willing to offer Minor courses must submit a separate proposal to the University through their statutory bodies along with its minimum credit structure, minimum eligibility criteria etc.
- ii. In continuation of the Res. No. AC13_2, in the matter of issuing Gradesheets to the students pursuing 4-year bachelors' program with Honors, it was discussed and agreed that only students opting for 7th and 8th Semester can be given marksheets and degree certificate of Program Name with Honors mentioned in it.
- iii. In continuation of the Res. No. AC13_12, in the matter of increasing the intake, it was understood that all institutes admitting students up to the official intake, eventually suffers loss of students (admission) because many students at a later stage leave their admissions and seek admission elsewhere like engineering etc. and these seats remain vacant. Looking at this important fact, it was resolved that the institute may admit 10% additional students over and above their intake so that even if few students leave, the institute does not suffer a loss. Further, it was resolved that if after 10% admission no students leave the institute, then the institute must create provision for additional students in terms of Human resource and infrastructure like teaching staff, computers, labs, etc.

Res. Further in regard to MCA, Dr. Hemina Desai has expressed her reservations regarding creating conflict of interest between two institutions by trying to offer same degree of BCA (the integrated program of MCA will give the degree of BCA at the end of three years of Exit model) by the same University under two separate faculties with two separate curriculum under two statutory bodies. This is certainly a matter of concern and should be looked into.

A brief report was presented by I/c registrar to the committee members and it was noted that the once we become state private university, the approval is always given to university not to the respective college. The new approval link was provided by the BCI and we had filled all the required details and are waiting for inspection. It was also noted that currently we have intake of two batches of 60 each since 2021. BUT they have only approved our single intake of 60 students for the admission year 2023-24 and 2024-25 and that too not from the inception year i.e. 2021 onwards. Hence, we have also requested for approval of our intake of second batch and that too from 2021. So, during inspection we can get the retrospective approval and BCI may also approve the second batch but with penalty.

Agenda No. BOM7_14 Any other matter with the permission of the Chair.

1. The Fixed deposit worth Rs. 5 Cr in Gujarat State University fund has got matured and it was decided to renew the same.
2. It was discussed that the students who didn't pass all their final year exams in regular summer exams are not eligible to receive degree during the main SU Convocation and therefore all students who may complete their final year's examinations as backlog exams during winter exams may be given degree in special supplementary convocations. It was suggested that SU will organise supplementary convocation in month of June/July which was approved by all the members.

3. The seminar hall of Sarvajani University at TIFAC hall being under maintenance, the total cost for maintenance of seminar hall including Screen required in seminar hall with acoustic system and paver block work in the besides premises were approved.

4. The matter regarding remedial / re-examination at Sarvajani University was discussed in view of creating efficient examination system and timely declaration of results and also based on several requests / suggestions from students for the same.

The current exam system has a provision of remedial exam after four weeks of announcement of provisional results and due to this the final results are declared only after all the remedial exams are conducted but this process delays the final results and causing great trouble to students who do not clear all their examinations. Further there are many students who remains absent for examination for several reasons like health etc. and they aren't given the opportunity to appear for remedial exams therefore it was discussed and decided that we shall adopt the recommendations of KCG (govt. of Gujarat) which are in based on NEP 2020.

Therefore, it was decided that the final results of all examinations shall be declared within 21 days of last exams and all students whether fail or absent shall be given an opportunity within a month to appear for exams as a backlog exam and this results too can be declared at the earliest mentioning the no. of attempts of the exam. This process will help University to declare results on time and will provide equal opportunity to all students who either fail or are absent for any examination. The same rule shall also apply to students who remain absent for any examination and/ or are given permission to remain absent from appearing the examination due to participation in activities (sports, cultural etc.) on behalf of the University. These students shall be given an official certificate from the University stating the reasons for their

absence and the granting of permission for the same so that they may officially justify their absence in an examination which was granted by the University.

- The point related to transfer from other university to Sarvajaniik University was discussed in view of certain request for permitting / allowing transfer of students from other Universities who have not cleared / passed their exams / subjects in the parent University. It was concluded that Sarvajaniik University shall maintain and follow higher standards in permitting transfer of any students to Sarvajaniik University and shouldn't make any compromise in the same. Therefore, it was decided that it is mandatory for students to have cleared/ passed all their previous semesters in their earlier University before the transfer is granted to him / her in Sarvajaniik University.
- The letter received from UGC dated 8th January 2024, D.O.No 2-79/2023 (CPF-II) regarding taking approval of BCA and BBA program from AICTE was discussed and deliberate. It was concluded that we shall wait and watch the actions taken by other private Universities in the state in this regard and only after carefully studying the implication of applying to AICTE for these courses we will take necessary decisions. Hence, it was decided not to apply to AICTE courses for the moment.
- It was informed to all and noted that Sarvajaniik University has signed MOU with V. T. Choksi Sarvajaniik College of Law for conducting various short term training program on Life Skills, Cyber related Techno-legal programs, Human rights, arbitration etc. for the students and general public at large. It was informed that V T Choksi Law college shall transfer 150Rs per student for certification.
